*DRIVERS INVOLVED IN FATAL ACCIDENTS PER 1,000 DRIVERS INVOLVED IN INJURY ACCIDENTS.

NATIONAL SAFETY COUNCIL

HIGH SPEEDS PROVE WASTEFUL—DANGEROUS—Vacationists who cut motor speeds, save money and still travel almost as fast as those who step on it, according to a study made by the Statistical Division of the National Safety Council. Further, it was found that a mere drop of 10 m.p.h. from 65 to 55, cut the chances of a fatal accident

almost in half and that a further reduction to 35 made death 3½ times as rare as at 65 m.p.h. The accompanying chart shows that increased cruising speeds are accompanied by high operating costs and fantastic death risks, but in spite of the added risk and cost the actual gain in average speed is quite small.

Lucien Maynard, Harry Lobay Hold Joint Meeting In Plamondon

PLAMONDON — Mr. Harry Lobay, Social Credit candidate for the new riding of Lac la Biche and member for Beaver River in the last Alberta Legislature, and the Hon. Lucien Maynard, Alberta's popular attorney-general, held a joint meeting in Plamondon on 24th inst. In spite of the weather well over 100 people attended and a very good time was had by all.

The meeting opened promptly at 8:30 p.m. with the showing of the picture, "The Alberta Story." This film is of absorbing interest and all who have not already seen it would be well advised to take the first opportunity of doing so. It shows the wonderful diversity of Alberta's economic activities in field, forest and factory, bringing to the mind of the observer a new and clearer knowledge of how the people of Alberta live and what the government does to assist us to do it well, not by telling us what to and how to do it but by co-operating with us in the doing of it by the right use of government powers in the fields of legislation and finance, a true picture of democracy in action. But the high-light of the picture is the graph showing how the province has reduced its debt from 167 million dollars in 1935, which required that 51 cents out of each tax dollar went to pay interest, to 98 millions at the present time and will be completely wiped out by 1973.

Mr. Lobay then addressed the meeting. Referring to the well known fact that the Dominion government had disallowed all attempts by the Alberta government to implement Social Credit monetary policies, he showed what the Alberta government had succeeded in doing in the field of finance to relieve Alberta's people of the burden of interest and to administer government revenues in the best interest of the people. Quoting from a Bank of Canada report

of 1937 that "costly administration had plunged the Province of Alberta into debt" which was threatening to bring it into bankruptcy, he showed that "the method of giving the people the results they want by borrowing money to provide them" is a wrong policy yet it is the only policy advocated by the opposition parties. It led us to the verge of bankruptcy in 1935 and would do so again if the people of Alberta could be induced to allow it.

Hon. Lucien Maynard then took over, speaking first in French and then in English. He dealt briefly with the matter of voting, showing that a vote should not be cast for an individual but for the government whose policies receive the approval of the voter. In this coming election, he said, "a vote for an opposition candidate was a vote against the government's policies and a vote for the policy of borrowing and thus plunging the province back into debt." If that is what you want, then all right. But be sure you really want it before you cast a vote for it."

Then came the question period. The chief subject was, of course, roads, although Mr. Maynard was asked to clarify the government's policy in regard to rural electrification, which he did.

As to roads, he pointed out that Alberta has 11 people per road-mile, while England has 287. Yet the British government has stated it cannot build its roads as fast as they deteriorate under modern traffic. Yet the Alberta road system has been steadily improved and extended year by year. He reminded his audience of the many times he had shared buggy rides with them in 1935 on roads that were only possible to horse-drawn vehicles, yet those same roads and many more that at that time did not exist, are being regularly travelled by modern cars and trucks.

Mr. Lobay then gave some figures

Annual Sports Day Enjoyed By All

FREEDOM — A number of Freedomites motored to Wandering River by bus for their annual sports day. The Freedom ball team won their first game against Wandering River. Score 11-2. They also won their second game against Plamondon. Score 14-0. Their third game with Lac la Biche was called at the fifth inning due to darkness. Score 2-1 for Lac la Biche. Though tired when returning home, they all reported having a grand time, and hope to make it a yearly affair.

Congratulations go to Mr. and Mrs. Aino Carlson on the arrival of their baby daughter, Darcy Lynn, born July 8. A baby sister for Mavis Ann.

A large number turned out for the farmers' meeting Tuesday night at the H. Anderson home. The three delegates, F. Krysa, H. Hauch and C. Anderson, gave their report on the district convention, which was held at Athabasca. Hearty discussions followed the secretary's report on joint bank accounts, taxations of produce, diversion of Pembina River.

Adam Hauch, Jr. journeyed to Windsor and brought home a new Meteor.

Elsie Moltzan left for her holidays along with her father and cousin. They took in the Calgary Stampede, and then continued through Banff and Jasper.

Mr. and Mrs. Dick Meyer returned from taking in a couple of days of the Edmonton Exhibition. They really enjoyed the parade, grandstand performance, fireworks, and chuck wagon races.

showing how each year a larger amount was spent in improving existing roads and on new construction than was spent the previous year and that road building and improvement was continuous and not confined to election years and any statements that might be made to that effect were totally untrue.

The meeting then adjourned.

Liberals Name William Hamilton As Candidate In Lac la Biche

A strong candidate for the Liberal party in the Lac la Biche constituency entered the August 5 election race when William Hamilton was nominated at a meeting in Lac la Biche last week.

The nominating convention was attended by a large crowd.

Mr. Hamilton is the second candidate to be named in Lac la Biche riding so far. The Social Credit party has chosen former M.L.A. Harry Lobay as their standard-bearer.

Lac la Biche was formerly a part of Beaver River constituency.

Mr. Hamilton, a 31-year-old native of Lac la Biche and a veteran of World War II, was the unanimous choice of the Liberal meeting when two other candidates withdrew their names. Attending the convention were 125 delegates.

Mr. Hamilton is an implement dealer and mink rancher.

540,000 Can Vote In Alberta

Over 500,000 voters will be eligible to cast ballots in the August 5 provincial general election, election officials in Edmonton estimated last week. Officials said that it was likely only about 340,000 of the 540,000 actually eligible to vote would do so.

In the last provincial election in 1948 there were 294,000 votes cast by the 490,000 eligible voters.

Lac la Biche News Briefs

The road to River la Biche and Avenir is impassable with cars and trucks, and the people in those districts are very anxious to see the road equipment come in to repair same.

Mr. Alphonse Plamondon is sporting a new L.H.C. truck, as is his brother, Alcide.

Mr. Arthur Plamondon has repaired and put into running order Mr. J. T. Plamondon's big "Cat" and they are now at work excavating the basement for Philip Plamondon's new home, located next to the Octive Chevigney home.

Mr. Wm. Gauthier and Mr. Arthur Plamondon made a business trip to Edmonton recently.

Miss Mildred Dragon of Peace River, formerly of Plamondon, is visiting at the home of Mr. and Mrs. Elmer Plamondon.

Mr. R. E. Piquette spent several days away on business.

Miss G. Bowman left to spend a few days in Edmonton.

Romeo and Paul Piquette visited the Edmonton Exhibition, and enjoyed their trip very much.

Mr. Oscar Tremblay and Mr. W. Plamondon of Lac la Biche were seen around town, talking about the coming election.

Threaten Trial For S.C. Official Who 'Misused' Taxpayers' Money

A threat to put the minister of economic affairs, A. J. Hooke, on trial for 'misuse' of public funds, was made last week as the Alberta election campaign moved into the home stretch.

The charge was made by Liberal leader Harper Prowse, who said he would attempt to have the minister tried before the legislature and made to pay for alleged use of public funds for Social Credit campaign material.

The threat drew a reply from Attorney-General Lucien Maynard, who said Prowse's charge was "typical of the misrepresentation practiced by the Liberal people which the people of Alberta resent."

Mr. Prowse referred to a series of 14 pamphlets, a booklet entitled "The Alberta Story", and a movie of the same name which, he said, are being distributed through the publicity branch of the department of economic affairs.

"PROPAGANDA"

The Liberal leader said these publications are "nothing more or less than pure political propaganda." He accused the Social Credit administration of a "flagrant abuse of its rights and powers."

The movie alone cost \$25,000 of the taxpayers money, Prowse said.

The government publications, paid for by public funds, are also being distributed by the Social Credit party as a political group, and not as an agency of the government.

Many of the publications Mr. Prowse referred to, and which were printed by the taxpayers' money, are displayed in the offices of the Edmonton branch of the Social Credit League.

The government's action in publishing this "propaganda," Mr. Prowse said, "stems from the basic belief that they can get away with anything."

Rain, Muddy Roads Give Men Holiday

LAC LA BICHE — Hon Drilling gave their men a week's holiday due to the rain and bad roads to the new lease No. 7, located at Mile 131. Mr. Floyd Bassette tool-push, with his wife and two daughters, Betty and Gloria, spent the week at Banff.

Mr. and Mrs. Kerner and Mr. and Mrs. Jack Hiebert also went to Banff.

Mr. and Mrs. Furnel spent a week in the city.

Mr. and Mrs. George Hiebert spent the week at Smoky Lake visiting Mrs. Hiebert's parents.

Ken Lukey visited his parents at Sunny Nook for the week.

Roger Kettleson went to Lamont to spend a week with his parents.

Jimmy Greenslade and Ted went to Fort St. John, where Jim visited his sister whom he had not visited for eight years. They reported the roads in Alberta very rough and as soon as they crossed the border into B.C. the roads were very good paved roads.

End Neeser visited his parents at Turner Valley for the week.

Johnnie McCormick spent a week in the city.

Mr. Art Redelback with his wife visited their parents at Medicine Hat.

Larry King-Hunter was here overhauling his car, and Rene Langevin spent the week at home.

The men are all back at work and expect to be drilling in a few days.

Mrs. Armour and daughter, Violet, from Lethbridge, are visiting Mrs. Armour's sister, Mrs. F. McIntyre, for two weeks.

Miss Victoria Wercholak from Edmonton visited her sister, Mrs. Pruss, over the week-end.

Leonard Werner, son of the president of the Dominion Fur Auction Sales, Winnipeg, was here visiting the fur farmers.

shut-in committee, who make visits each week to homes.

As they can not have raffles, bingo and such, which are prohibited in the church, they raise money from suppers, teas, home cooking sales and an annual bazaar.

With the help of everyone the Board hopes to build on a bath room and install waterworks in the manse. A canvass will be held soon—so please support the project.

Anyone wishing to leave a donation may give it to anyone on the Church Board: Mrs. H. McCaskill, Mr. S. Hamar, Mr. Martin, Mr. J. Williams, Mr. A. Proctor, Dr. Brinsmead, Rev. Greenough, Mrs. S. Hamar, Ladies' Aid president.

Every donation will be grate-

fully received with a receipt which is income tax deductible.

Mrs. S. Hamar is the president of the evening group. Mrs. F. Harman is secretary.

Mrs. Switzer is convener of the afternoon group and Mrs. C. Calvert, secretary.

New members can join by coming to either group and visitors are welcome at every meeting.

Reports from ROTO-BALER owners say that weather-resistant rolled bales contain more leaves. Livestock eat rolled hay better because it is soft, sweet and retains its natural color.

Here are some of the things farmers wanted to know:

Would rolled bales really shed showers? Would they handle and transport easily? Would livestock eat them without waste, fed whole or unrolled? Could straw for bedding be rolled out without shaking?

The ROTO-BALER has answered "yes" to each of these questions, satisfying farmers everywhere. Stop in and ask us for a free booklet on rolled bales and the ROTO-BALER.

NATURAL RESOURCES—Coal, Oil, Natural Gas, Forests, Water Power.

- A Liberal Government Will—
 - Provide adequate research facilities to develop additional uses for our coal.
 - Use Alberta's natural resources for the benefit of Albertans.
 - Give preference to Canadian citizens in leasing oil, gas and mineral rights from the government of Alberta.
 - Pay a royalty of 2½% to the surface owner on all crown-owned leases.
 - Force performance on all oil and gas leases and cancel on default.
 - Put a stop to the Social Credit policy which keeps the price of gasoline and tractor fuel high.
 - Act immediately to bring the benefits of cheap power and gas to all Alberta citizens.
 - Consider the export of gas only after it is satisfied that Albertans have been fully protected as to price, supply and economic advantage — and the people have approved this action by plebiscite.
 - Put a stop to the continued policy of neglect of our forests and streams, including fish and game, and substitute for it a policy of conservation, designed to perpetuate our resources.
- Not until these policies are enforced will all Albertans share in the wealth of our natural resources, which is our heritage.

● This Will Bring Us All More Prosperity!

HIGHWAYS

- A Liberal Government Will—
 - Bring to an end Social Credit policies which have wasted millions of dollars on highway construction.
 - Build safe—all season—all-weather roads.

AGRICULTURE

- A Liberal Government Will—
 - Restore to agriculture the prominence it deserves in the functions of government.
 - Provide legislation to help the farmers create and control their marketing agencies.
 - Restore full co-operation with the federal government to insure the full use of our water resources to expand our irrigable areas and develop industry.

EDUCATION

- A Liberal Government Will—
 - Again emphasize the teaching of reading, writing and arithmetic.
 - Establish educational facilities to prepare our young men and women to fill the important positions in industry which will be created by our policy of development of our natural resources for the benefit of Albertans.

Rural Electrification

- A Liberal government will bring power to the farmer's door, at a price he can afford to pay—and do it quickly.

HOSPITALIZATION

- A Liberal Government Will—
 - Make it possible for Alberta communities to build hospitals when and where these are needed.
 - Provide hospitalization that will prevent illness or accidents from becoming a financial disaster to any Alberta citizen or family.

HOUSING

- A Liberal government will co-operate with the federal government under the National Housing Act to provide serviced lands at a reasonable cost for house building purposes.

LABOR

- A Liberal Government Will—
 - Bring industries to Alberta, which will give you more and better jobs.
 - Invite representations from and keep the door open to responsible labor leaders at all times.
 - Appoint a minister with exclusive responsibility for labor.
 - Make Alberta the best place in Canada for the working man or woman.

THE LIGHTER SIDE

Not Practical

"Arithmetic is a science of truth," said the professor earnestly. "Figures can't lie. For instance, if one man can build a house in 12 days, 12 men can build it in one."

"Yes," interrupted a quick-brained student. "Then 288 will build it in one hour, 17,280 in one minute, and 1,936,800 in one second. And I don't believe they could lay one brick in that time."

While the professor was still gasping, the smart "ready reckoner" went on: "Again, if one ship can cross the Atlantic in six days, six ships can cross it in one day. I don't believe that either; so where's the truth in arithmetic?"

Many Independents In Election Race

Seven independent candidates, along with two Communists and 12 Progressive Conservatives, are in the running in the August 5 provincial election in addition to standard-bearers of the three major political parties—Social Credit, Liberal and CCF.

Of the seven independent candidates, four are Independent Social Crediters, who are expected to split the SC vote with "official" Social Credit candidates.

In Banff-Conchane, Ind. SC MLA Arthur Wray is running against an official SC candidate, and a Liberal candidate.

In Lac Ste. Anne Ind. SC MLA Arthur Boucier will oppose an official SC standard-bearer, along with Liberal and CCF candidates.

In Spirit River riding, former SC member H. E. DeBolt is seeking election as an Independent Social Creditor. He will be opposed by a "regular" Social Creditor, and a Liberal and a CCF'er.

In Leduc riding, the present member, R. E. Ansley, has been expelled from the party and is running as an Independent Social Credit, but with backing of the Leduc Social Credit Association. However, a second Leduc SC group is putting up a regular candidate. The CCF has nominated a candidate in Leduc, and the Liberals are expected to do so.

Other independents seeking election are Sam Nowakowsky in Athabasca, William Longridge in Calgary, and Kenneth Tory in Wainwright.

In addition to the Social Credit vote being split by Independent SC candidates, it is believed the Progressive Conservative candidates will draw the bulk of their support from Social Crediters. The PCs are running seven candidates in Edmonton and five in Calgary.

drive and the ball came to rest on the top of a large ant hill. The duffer picked up another club and swung. The ball remained still, but the iron plowed into the ant hill, inflicting great casualties among the inhabitants.

With more confidence than skill, the golfer swung around again, leaving the ball unmoved but sending the rest of the ants to their celestial glory. That is, all except two, one of which turned to the other to say: "You know, if we want to survive, we'd better get on the ball."

How It Started

Back in 1870 at Montrose, New York, the New York Central installed the first device which enabled locomotives to pick up water without stopping. Railroad men referred to this process as "jerkwater" and Montrose became known in railroad lingo as a "jerkwater" town.

As more devices were installed along the line, the term "jerkwater" was used in a disdainful sense to describe places which were important only for the water picked up there.

ELECTION CAMPAIGN IN HIGH GEAR

All Parties Optimistic On Outcome

Optimism was the keynote in the camps of all provincial political parties this week following the nomination of 183 candidates for the 61 ridings at stake in the August 5 provincial general election.

Premier E. C. Manning, at the helm of Social Credit forces seeking a fifth consecutive term in office, was confident his government would be re-elected when the 540,000 eligible voters go to the polls.

In turn, Liberal leader Harper Prowse saw his chances of forming a "fifty-fifty" C.C.F. leader, Elmer Roper, was making no election claims, but he appeared sure his party would make important gains in the legislature.

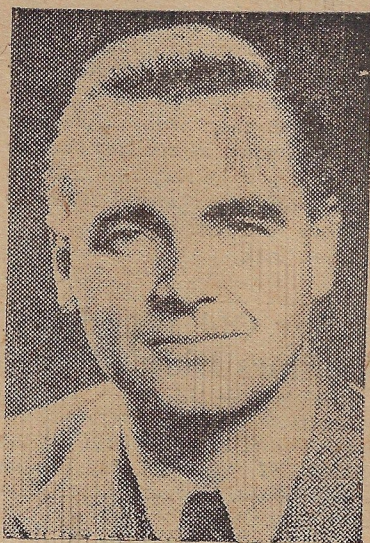

SPEAKERS ON TOUR

All parties turned their "big guns" loose in a series of campaign meetings throughout the province. Premier Manning and most cabinet ministers are traveling up and down the province whipping up support, while Prowse is conducting a whirlwind tour of vital points. The C.C.F. is bringing in national leader, M. J. Coldwell, while B.C. leader, Harold Winch arrived last week.

The outlook among political observers was for re-election of the government, but with its top-sided majority in the legislature con-

siderably reduced. As the campaign warmed up, considerable signs of dissatisfaction began to develop, with noticeable irritation among the electorate far more widespread than in the last campaign in 1948.

Wracked with internal dissension, the Social Credit party has appealed to the voters to spurn election bids of six independent Social Crediters. Referred to by one minister as "soreheads," the independents are expected to split the Social Credit vote to allow possible election of opposition candidates.

WANT MORE OPPOSITION

A bigger opposition has been the rallying call of the Liberal and C.C.F. parties. Liberal leader, Prowse, last week referred to the Manning administration as an "uncontrolled government running wild" due to lack of opposition.

Major issues in the campaign are the gas export question, and the handling of municipal financing by the government.

The Liberals and C.C.F. claim gas export will deprive Alberta of its chance for industrial develop-

ment. The government contends gas export will have no effect on whether more industry will locate in Alberta.

The government has been most sensitive on the question of municipal-provincial relations. Opposition parties claim promises made by Social Credit to "get the municipalities back on their feet" is proof in itself that the government has mis-managed municipal affairs.

The Liberals and C.C.F. claim that the government has reduced the provincial debt at the expense of municipalities, whose debts have sky-rocketed in the past decade. Opposition candidates say the government is forcing higher

property taxes and putting municipalities into debt by loans to municipalities to cover services which the provincial government itself should provide according to the British North America Act, which regulates federal, provincial and municipal responsibilities.

LETTERS TO LOUISA

Dear Louisa,
I met a boy several months ago
whom I like very much and he
seems to like me. He takes me to
the shows and to supper and we
always enjoy being with each
other.

I thought he was seriously in-
terested in me until a few even-
ings ago he told me that the girl
he had always loved had married
someone else recently. He also
said that he would never love
anyone else as he had loved her
and that he was trying to forget
her.

This was a shock to me and I
do not know what I should do.
Would it be better for me to
stop dating him altogether or not?
Do you think there is a chance
that he will really forget this
girl?

Answer:

If you really like this boy a
great deal, I think your best plan
will be to keep on dating him

but not to let him monopolize all
of your time. Go with other
young men but be as pleasant and
attractive as you can be when you
are with this particular one.

Believe it or not, most disap-
pointed lovers do get over their
lost loves although they never
think that they will. Give him
time and when he realizes that he
may lose you, he may find that his
affections have changed from his
old love to a new one.

Good luck,

LOUISA.

We will make it possible for Alberta Communities to Build Hospitals where they are needed.

We will PROVIDE HOSPITALIZATION under a plan that will prevent illness or accidents from becoming financial disaster to any Alberta citizen.

● AGRICULTURE ...

We will restore to agriculture the place and prominence which it had in the functions of government and policies in the days of the U.F.A.

We will provide legislation to HELP THE FARMERS CREATE and CONTROL THEIR OWN MARKETING AGENCIES.

We will again co-operate fully with the federal government to insure the FULL USE of our WATER and POWER RESOURCES to expand our irrigable areas and develop industry.

● LABOR ...

We Will ...
BRING INDUSTRIES TO ALBERTA which will give you more and better jobs.

INVITE REPRESENTATIONS from and keep our door open to responsible LABOUR LEADERS, to insure a legislative program which will MAKE ALBERTA THE BEST PLACE IN CANADA for the Working Man or Woman.

Appoint a Minister of Labor with exclusive responsibility for Labor.

● EDUCATION ...

We Will Again—
Emphasize the teaching of Reading, Writing and Arithmetic. Put a stop to the present courses designed to teach the children to bring up their parents. Establish Educational Facilities to Prepare Our Young Men and Women to fill the Important Positions in Industry, which will be created by our policy of development of our natural resources for the benefit of Albertans. Provide equality of opportunity in Education.

From Toys To Tractors

Much of the recent improvement in the design of everyday articles ranging from toys to tractors came from the efforts of these talented Canadians whose job is to help make consumer goods better looking, easier to handle and more efficient in use. They belong to the new profession of industrial designers.

To recognize and honour Canadian talent in this field, a photographer index of Canadian product designs of merit is now maintained by the Industrial Design Information Services of the National Gallery of Canada, Ottawa.

which this ship provided protection for a group of islands lying off enemy-held territory.—(National Defence Photo).

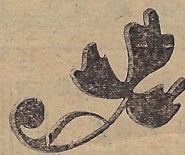

COMMODORE JAMES C. HIBBARD, Chief of Naval Personnel, is shown above being piped aboard HMCS Nootka off the west coast of Korea during his recent official visit to the three Canadian destroyers serving in the Far East with United Nations forces. He transferred from HMCS Athabaskan to the Nootka in a small boat. Lieut. John Burns of Toronto salutes and CPO Joseph Leary of Halifax pipes the Commodore aboard. During his visit to the Far East, Commodore Hibbard spent most of his time at sea in the Canadian destroyers.—(National Defence Photo).

TWINS IN HIS FOOTSTEPS: Veteran Canadian Pacific Airlines Captain Robert C. Randall (front) of Vancouver, shows his twin sons, Howard (left) and Robert Jr., who have just started their careers as first officers on C.P.A. domestic routes, the route he follows on flights between Vancouver and Tokyo for the airline. The two boys are ready any time to listen to dad, who started flying five years before they were born. Captain Randall began commercial flying in 1928, and his service with the airline dates from 1937 when he flew with one of the smaller companies which amalgamated later to form Canadian Pacific Airlines.

ROCKY MOUNTAIN DIESELS: A new era of mountain railroading in Canada is being unfolded as modern streamlined Canadian Pacific Railway diesels, the first to go into service in the Rocky Mountains, replace steam locomotives, long-time conquerors of the steep slopes and rugged mountain wilderness. Pictured are two of 49 new diesel units which the CPR has acquired since last fall to dieselize train operations in the Rockies and Alberta foothills between Revelstoke, B.C., and Calgary, Alta., as they pull a passenger train past towering peaks near Lake Louise. Passenger and freight trains on this run, one of the toughest in the world, are being given diesel power as part of the railway's five-year dieselization program. An additional 18 road and switch engines will be delivered before this fall to completely dieselize the area.

Forestry Show Rained Out

GRASSLAND — The Forestry Show, which was to have been held on July 24, was postponed owing to the rain.

Joe McKenzie and family have gone on a three-week camping trip through B.C. and part of the States. His folks live at Yakima, Wash., and will probably return to Grassland with them.

There was a christening party on Sunday for little Theresa Zak. In spite of the absence of the priest, a good time was had by all.

There was a U.G.G. meeting and free show on Tuesday, July 29, at Grassland Hall.

Mrs. Gordon Putnam and daughter, Florence, are in Lac la Biche Hospital for tonsillectomies.

Steve Luchka is home from Grande Prairie, where he has been hauling gravel.

Mr. and Mrs. Romeo Hurtubise are enjoying a surprise visit from their nephew, Raoul Bissonette of Winnipeg. They have not seen him for 37 years, when he was three years old.

Eddie Semenchuk is spending a few days in Edmonton.

Mrs. Dutchak has her little grandchildren from Boyle staying with her while their parents are holidaying at Banff.

There is quite a flurry of building going on. Guy's new barn is up, also the new home of Orest Chromiak. Mr. and Mrs. Mahowich's new home, next to Garniers' is also taking shape.

Mr. and Mrs. Ted Leshchyshyn, along with Mr. and Mrs. Sakulich and Mike Duniec attended the funeral Tuesday of Mr. Alex Leshchyshyn at North Battleford. Mr. Leshchyshyn came to Canada from Galicia as early as 1886, and worked on the railroad for a number of years. Late, he took up farming at Krydo, Saskatchewan. He has resided at North Battleford since 1927. Besides Ted, he leaves five other brothers, one daughter, and numerous grandchildren and great-grandchildren. He saw service both in the South African war and World War I.

Miss Patsy Smith and Carole Butterfield of Ponoka are staying with their aunt, Mrs. Ben McKenzie. Joyce McKenzie and her fiancé, Edward Foty, were out for the week-end also.

Our town's most eligible young bachelor, in the person of Walter Corse, has become engaged to Miss Amelia Kazmierczak of Blue

Jay, the marriage to take place in October. Amelia works as a stenographer at the Universal Garage, Athabasca. Walter has purchased the Derko Freight Line, and is wished every success in his new business venture.

On Monday Miss Margaret Schendzielorz left by bus to visit relatives at Evansburg.

Mr. and Mrs. Walter Tiedemann and family have moved to Boyle, where Mr. Tiedemann is working at the Vet's Garage.

Mr. and Mrs. John Jenkins and Mrs. Tom Jenkins were visiting last week at Bremner, Edmonton and Nanao. Miss Helen Duncan returned to Bremner with them, after spending a few weeks with Genevieve Jenkins.

Norman White has returned to duty after 30 days' leave from the Royal Canadian Navy. He will now be stationed at Esquimalt, B.C.

Mr. Joslyn Jenkins was home

for a week from Red Pass, B.C. where he is employed on the Vancouver pipe line.

Mr. and Mrs. Medwid visited the exhibition last week.

Mr. and Mrs. Semeniuk have returned from an extensive motor trip to B.C. and the States. At Rossland, B.C., they visited Steve Zaharichuk, who once was a teacher at Grassland.

Miss Amelia Kazmierczak was a visitor during the week end at the Corses' and Steve Luchkas'.

**THERE'S A
RIGHT WAY
TO DO EVERYTHING**

**... and the
right way
to build
is for the future!**

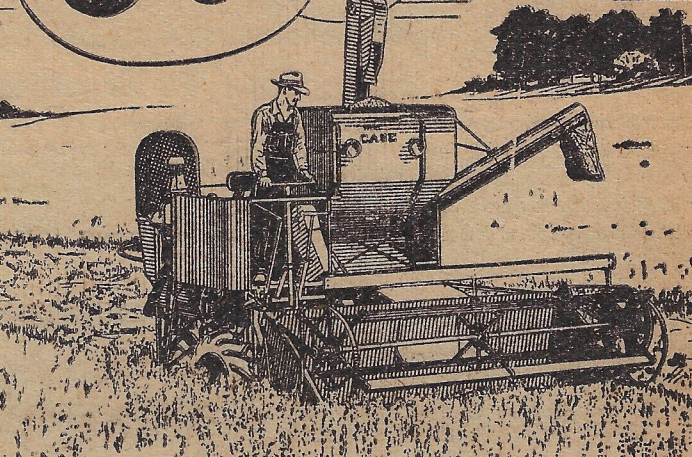

Make every building on your farm a practical one... a profitable one. Outmoded structures are costly in time, energy and operational output. There's no place for them on a farm with a future.

Our illustrated booklet, "A Quality Home Can Cost Less," shows how lower priced lumber can be used to advantage when you build. Get your free copy from us today.
